CAKE TOPPERS

We can design and fabricate card cake or cupcake toppers; we would require some general design direction for your requirements.

We can currently offer printed graphic designs or plain cardstock such as solid/gloss or glitter colours, this works particularly well for people's names and ages.

SOME TOPPER EXAMPLES

Please note that each topper is unique and therefore prices will vary, our toppers start from £5, please get in touch with the topper you would like and we will provide you with a quote.

FONDANT MODELS

Add some real personality to your cake with a fondant model, hand crafted in our bakery, the fondant models are 100% edible and will last for months if you plan to keep them for display.

FONDANT MODEL EXAMPLES

Please note that fondant models are mini pieces of art and therefore their price will depend on the complexity you require, please get in touch with as much information as possible.
